2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

About Our School

Williams Jr/Sr High School is the Home of the Yellowjackets. While not every student may go to college, every student should see college as a viable option for their future. We have worked hard to offer college/career courses during the school day at no cost to our students. Our students have an advantage if they enroll in the dual enrollment program, they will be able to complete a significant number of college credits prior to graduation.

Currently our school focuses on creating a vision of effective schools. The focus is on the whole student: academic, behavioral, and social emotional. We believe that all students can and must learn. With the ongoing implementation of AVID (advancement towards individual determination), PBIS (positive behavior intervention system), CTE pathways, and many other programs, our goal is to prepare students for College and/or Career and to have choices.

Williams is a small rural community with approximately 5,500 inhabitants. The farming community is very proud of their culture and work ethic. Families are hardworking and dedicated. We have a large population of latino families, that are very deep rooted in their culture and traditions. As we continue to create equitable environments, and close the opportunity gap, the sky is the limit for our community.

School Description and Mission Statement (School Year 2020—21)

Williams Jr/Sr Early College High is a Junior /Senior 7th-12th school located in Williams, California, a small rural community with approximately 5500 in population. Located in Colusa County.

2021-22 School Overview

School population averages approximately 600 fluctuating throughout the year.

The school, three years ago, began the vision of creating equitable outcomes for all students, giving them true choices for the 21st century by providing Dual Enrollment College Classroom for all of our 9-12 grade students.

In addition, in providing college opportunities for success, AVID was introduced, and currently there are several self contained AVID classrooms for students 7-12.

The school is also building a variety of CTE pathways. Currently, the school offers Agricultural Mechanics. Other CTE pathways being developed are: Digital Media and Bilingual Translation.

The school has had great success and has high, almost 100% graduation rates, and close to 40% of the Senior class A-G qualified. We offer AP classes in English 11 and 12, required graduation and A-G classes, CTE pathways, and building more extensive electives.

The school demographics are mostly Latinos, making up close to 95% of the student body. This also includes English Learner Students and students who are socio-economically disadvantaged.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

There are many ways and opportunities that our Families and parents may participate. We have the traditional sporting and club events, Science Fair, Open House, Parent Orientation, Back to School Nights. These events bring families to see their students perform and shine. But, we also have leadership opportunities available via three of our committees: School Site

2021-22 Opportunities for Parental Involvement

Council, Family Community Meetings, and ELAC (English Learner Advisory Committee). The above ways, and many other opportunities are a just a few avenues where parents can connect and build a partnership with the school.

Williams Jr/Sr High has several opportunities for parents can be involved in activities.

First traditional methods such as: Back to School Night Parent Conferences, Open House, Sporting Events, and district family events.

Leadership parent meetings: School Site Council (SSC) and English Language Acquisition (ELAC) and Meetings

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Williams Unified School District comprehensive school safety plan was last approved February 25, 2020.

In partnership with parents and the community, to provide a safe educational environment which encourages responsibility, accountability and challenges all students to become motivated lifelong learners .

The Williams Unified School District Comprehensive School Safety Plan (CSSP) provides a guide to school safety related data and to the procedures administrators, faculty, and staff must follow in the event of an emergency. The school site's Comprehensive Safe School Plan also includes the Crisis Response Plan (CSP), which documents the steps all employees must know in order to respond quickly and efficiently in the event of a crisis on campus.

The Comprehensive School Safety Plan (CSSP) is required by Education Code 32282-32289 to be reviewed and updated, and subsequently submitted for approval to the School Site Council (or School Safety Planning Committee) as well as to the district's governing board or county office of education by March 1st. The contents of the CSSP should include, at a minimum, information assessing the current status of school crime committed on school campus and at school-related functions, strategies and programs that provide or maintain a high level of school safety, and procedures for complying with existing laws related to school safety.

Our District has expanded the safety program to include the Standard Response Protocol (SRP) for use during emergency situations, which is based on these four actions: Lockdown, Secure the Perimeter, Evacuate and Shelter. In the event of an emergency, the action and appropriate direction will be called on the PA.

In addition to the Standard Response Protocol, District Staff uses the Catapult Emergency Management System as a safety communication tool. Staff is able to report an incident, account for students, monitor ongoing communication, ask questions and share pictures through messaging.

Anonymous Reporting links were added to all school and district websites to report the following:

- Bullying: Acts of bullying include verbal, non-verbal, physical or emotional acts against another student either in person or online.
- Tips: Tips can include safety concerns, witnessed acts, or other incidents that would otherwise indicate harm to those in or around the school.

All District staff and students participate in quarterly fire drills, twice yearly earthquake drills, one or more shelter in place drills and one or more lockdown drills.

Drill dates for school year 21-22:

Fire Drills: September 16, 2021, December 8, 2021, March 16, 2022 & April 28, 2022

Earthquake Drills: October 14, 2021, January 26, 2022

Shelter in Place Drill: November 17, 2021

Lockdown Drill: February 9, 2022

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
